

## BOARD OF SUPERVISORS COMPLETE HARD TASK

**Tax Raise To Take Care of Madison's Increase of \$4,000,000, Well Handled by Board.**

After three weeks of hard work, the Madison County Board of Supervisors completed their work Monday, and turned the tax books over to the sheriff for collections.

It will be remembered that this county was raised \$4,000,000 over its assessment and although every known effort was made to get this reduced, the state board would not hear to it and, consequently, the board had nothing else to do but put the raise wherever it was found to be fair. A member of the county board has made the following statement pertaining to their work which we herewith publish:

"A word to the owners of personal property and land in Madison county. We have worked faithfully and studied the great problem of equalizing the properties of this county and believe that we have done a work that has never before been accomplished and which was certainly needed. It looked to us from the Assessor's books that the supervisors had only raised taxes where it could be easily raised, and some of those fellows were raised to the limit. So with the raise this year and the big raise of last year, we need not expect anything but high taxes.

"We have done our best to get all lands on a basis of the same per cent, according to the location, condition and quality, and it was for these reasons, it has taken us three weeks to do the work. Some lands in this county hadn't been raised for forty years, and we have raised them enough to let them know they are not forgotten. We dislike to raise your taxes, but you know we were ordered to. If we had not, it would have been done at Frankfort and then you would have howled sure enough. We have not put any large amount on any particular one, but have endeavored to equalize the raise and distribute the four million to the best of our ability.

"Every man on the board raised his own property equal with his neighbor. Our advice to the farmers of Madison county is to get out that old song book you used to sing in when you were young, and find the song that reads:

"Stay at home. To my, Don't go; don't go; And you will confer a favor On us poor, tired, and faithful souls. "Some day we will get our taxes lowered when the state debt is paid."

## MADISON CONTRIBUTES TO JEWISH RELIEF FUND

Simon Weil, Cattle Dealer, Finds Pocketbooks Open Liberally When He Solicits For Good Cause.

Mr. Simon Weil, the famous cattle buyer of Lexington, combined his usual court day visit to Richmond with an errand of the most meritorious mercy Monday. Mr. Weil collected a handsome sum for the relief of Jewish sufferers in Europe. The big drive for this worthy purpose starts this week, and up to now no active organization has been effected in Madison county for this work. Mr. Weil met with a gratifying response from the good people of Madison, who always have and always will, give of their means most liberally for every worthy cause.

Three million Jewish people are starving on the Eastern European war front. They can be saved if the American people will subscribe liberally to the American Jewish War Relief Fund. The people of Kentucky expect to contribute \$208,000. April 7-11. Every dollar subscribed goes direct to the fund. The expenses of the campaign are borne out of a private fund contributed by Jewish philanthropists in addition to large personal subscriptions.

Non-Jewish people as well as Jews are entering heartily into the campaign in Kentucky. Those who are not solicited personally are asked to send money to Alfred Brandeis, State Treasurer, 601 Paul Jones Building, Louisville, Ky. Seventeen cents a day \$5,000 a month, \$60 a year will buy a life among the starving Jewish people in Eastern European war zones. Any sum, however small or large, will be thankfully received.

A few rates may be lowered, it was said, but the general level will be raised. It is reported today that the Brotherhood's application for time and half pay for overtime had not been granted.

## D. W. BRIDGES RESIGNS AS HEAD OF SCHOOLS

Resignation Accepted Effective at End of Present Term—City Loses High Class Educator.

At a meeting of the City Board of Education last Monday, the resignation of D. W. Bridges, Superintendent of the city schools, was accepted, to take effect at the close of the present term.

Prof. Bridges has accepted a similar position with the city schools at Mayfield, Ky., and will take charge of that place about July 1st.

Since coming to Richmond from Lancaster eight years ago, Prof. Bridges has had wonderful success with the local schools and the city will lose a valuable educator when he leaves. A number of educational changes have been made for the betterment of the school system, and his policies have always been of the most advanced ideas. He had recently been re-elected by the local Board for a term of two years, and at a considerable advance in salary, but the new proposition was so much in accord with his ideas on the present educational problems, he deemed it best to accept the offer as it came to him.

Ditzler Warren Bridges

## New Ideas Advanced

Prof. Bridges has long been an advocate of the Central High School system which is owned and operated by the city and county, and it is possibly under this plan Mayfield is now constructing a new \$100,000 school. During his term here, the payroll of the teachers has increased 50 per cent and the enrollment of the schools 15 per cent. Manual training is now one of the most successful departments of the school, and at the colored school, manual training and domestic science are both proving very successful.

That Prof. Bridges is an educator of the highest type is attested to by the fact that this offer came to him entirely unsolicited and he has been elected for a term of three years. Richmond is losing a valuable man, and the Board will have to look a long time to secure a man to fill the important position he is vacating.

Balwin and Burke bought a nice pair of five-year-old mare mules here Monday for which they paid \$685. They got one from Armer Hisle and the other from Jephtha Jett.

## Relieve Your Indigestion With A Laxative

Dyspeptics know that indigestion is accompanied by constipation, and that until the bowels can be regulated so they will act freely and naturally every day at a stated time, swallowing dyspepsia tablets is of little use.

A great and growing number of sufferers from this trouble find immediate and then permanent relief by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. The laxative herbs act on the bowels and the pepsin and extracts on the digestive tract, forming an exceptionally effective laxative- tonic.

It is a combination that has been found wonderfully helpful in indigestion, constipation, biliousness, headaches, bad breath, belching and gas on the stomach. A small dose is all that is required.

The druggist will refund your money if it fails to do as promised.

### PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the War, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—50c and \$1.00.

# -mild?

Sure, they're mild! But that doesn't say it all.  
Because Chesterfields deliver a new kind of cigarette enjoyment.

They let you know you're smoking. They hit the "smoke-spot." In short, they satisfy.

Yet, they are mild!

It's the blend that "turns the trick." A blend of the finest Turkish and Domestic tobaccos—and the blend can't be copied. That's why it's Chesterfields or nothing if you want this pleasure—plus.

Right now!
